

RESPONSE TO RESTRICTION REQUIREMENT

Serial Number: 09/888823

Filing Date: June 25, 2001

Title: GATE MODULATION FOR HIGH POWER AMPLIFIERS

Page 2

Dkt: 00778.042US1

Claim 1 elements are clearly shown in both Figures. For instance, biasing signals 135 and 225; detecting the magnitude of the input signals 227, 230 and 235, 240 ("I and Q digital baseband data is converted into a digital representation of RF power" Page 4, lines 4-5); and changing the bias signal 130 and 255. Thus, claim 1 is generic to both Figures. The reference numbers are only used to show examples of elements of Figure 1 that correspond to the elements of claim 1, and are not meant to limit the interpretation of claim 1 in any manner.

CONCLUSION

The Examiner is invited to telephone Applicant's attorney at (513) 942-0224 to facilitate prosecution of this application.

If necessary, please charge any additional fees or credit overpayment to Deposit Account No. 19-0743.

Respectfully submitted,

TREVOR A. PAGE

By his Representatives,

SCHWEGMAN, LUNDBERG, WOESSNER & KLUTH, P.A.
